

Digital Technology and Culture 338

Washington State University, spring 2008

Assignments due for: **March 5, 2008**

Assignments:

[] Choose the topic of your slideshow, as related to your blog's issue of interest. Get organized. What photos are you going to shoot? When are you going to do that? What visual story are you going to tell? What information is going to be included? Please look over the grading sheet, posted on the class home page, to get an idea of what I'm looking for in terms of content (and what points will be awarded for what).

[] Start collecting photographic images for your slideshow (and video for your video story, if possible). You should have at least half of your photos ready to go by March 5.

[] Find a slideshow on a professional media site that you think could be used as a model for your piece. Post its link to the DTC 338 Google forum, **by 9 a.m. Tuesday March 4**, as well as a note about why you chose it and how it relates to what you want to do.

[] Look at material on www.columbian.com's multimedia pages in preparation for guest speaker Troy Wayrynen.

[] Blog two items about your topic, with at least one of those coming from original information gleaned from your sources, **by 9 a.m. Tuesday, March 4**.

Readings:

* Don Fry handout "Writing Short," 264-272.
