Information Ethics

Washington State University, fall 2008

Assignments due for: **Oct. 2, 2008**

Assignments:

- [] **Send me a skeletal outline for what you plan to cover in your Adopt a Philosopher presentation (beyond just the point-by-point sections of the grading criteria). Include the thematic approach you will take, the primary big-picture questions you will answer and the amount of time you intend to spend on each section.** Email that to me at brett.oppegaard@gmail.com. I want to help you get the most impact out of your effort. I also want to help your focus on this project. So let me know what you are doing.
- [] **Do your Adopt a Philosopher prep.** Get your reading done early. Give yourself the time you need to do a great job on this assignment. Practice your presentation at least a couple of times. I will be giving you no additional readings during this two-week prep period, to free your time for this important work. But my expectations will be high that you are using this time wisely.
- [] **Submit article abstract to Fairness.com** – Abstract submission (**5 points**). **ALSO**, please post what your abstract was about on the Google group, with a sentence or two about why you picked it and what interested you about it. That way we all can keep up on the interesting ideas circulating in the news and what is intriguing our classmates.
