

Digital Technology and Culture 338

Washington State University, spring 2008

Picking your subject / topic to explore

Please answer these five questions about your subject / topic:

- 1. What is the local/campus connection?**
- 2. What are the visual / audio possibilities?**
- 3. What else is out there on this topic? And what are you going to cover that's going to make this the best source in the world for information on ____?**
- 4. What about your topic do reasonable people disagree about?**
- 5. What do you hope your coverage accomplishes by the end of the term?**
